

MPAS-Dev:ocean/develop

The diagram illustrates a Git branching strategy. At the top, a green box labeled 'MPAS-Dev:ocean/develop' has a blue arrow pointing right. Below it, a green box labeled 'MPAS-Release:master' also has a blue arrow pointing right. A blue circle on the 'master' branch is labeled 'v3.0' in a light blue shield-shaped box above it. A black line branches off from this circle, leading to a yellow circle, with the text 'feature branch' next to it.

MPAS-Release:master
